

LORMA LAUDED BY PNOWA & NFNL

(Ilocos Herald Sept 11-17, Amianan Tribune Sept. 11-17)

SEPTEMBER 2010, SAN FERNANDO, LA UNION – The Philippine Navy Officers' Wives Association (PNOWA) and the Naval Forces Northern Luzon (NFNL) congratulated Lorma Medical Center for providing Pap Smear examinations to PNOWA members and Philippine Navy dependents as part of their Cervical Cancer Awareness activity. Laboratory and x-ray services were also provided as part of the PN personnel's annual PE.

The said activities were coordinated by the Lorma Marketing Department and the Philippine Navy health coordinator. Around 60 people benefited from the discounted rates based upon the MOA between AREX and Lorma Medical Center.

Together with the Philippine Navy, this is one way Lorma can fulfill its corporate social responsibility to the public.

Photo above shows Dr. Rufino L. Macagba, Jr., Lorma's President (center), recipient of the Certificate of Appreciation. From right to left, Ms. Teresita Q. Klug, LMC Marketing Director; Mrs. Annabelle R. Carlos, PNOWA President; Mrs. Sionie L. Abogado, PNOWA Adviser; Dr. Cecilia Ladines-Llave, Director of the Cervical Cancer Prevention (CECAP) Network; Ms. Alicia dela Torre, RN, Clinical Trainer for the CECAP Network; and Lieutenant Phil Adrian Carrera, Command Nurse NFNL.
